

# QUIZ

## Lesson 4: VxO, Vb, and Vinf

(Simple present, base form, and infinitive)

True or False?

1. \_\_\_ An infinitive always follows an X-Word
2. \_\_\_ The X-Word "do" matches with a VxO to make negatives
3. \_\_\_ VxO and Vb of irregular verbs do not look the same
4. \_\_\_ Infinitives look like verbs but do the job of a noun
5. \_\_\_ The V/XO and the Vb of irregular verbs look exactly the same.
6. \_\_\_ Vb always follows an X-Word
7. \_\_\_ V/XO never follows an X-Word
8. \_\_\_ V/XO is only part of the "simple present." V/XS is the other part.
9. \_\_\_ This sentence is correct → We can go shopping.
10. \_\_\_ This sentence is correct → Aaron will not to visit Eliza next weekend.

11. Circle the X-Words that match up with Vb → have | do | are | can | may

12. Circle the X-Words that match up with VxO → have | do | are | can | may

Directions: Mark each X-Word, Vb, V/XO, and Vinf in the sentences below.

13. My parents **take** the subway every day.
14. My mother can take the E train right to the building where she works.
15. They like to take the subway because it's fast and easy for them.
16. They don't care about the noise and the dirt and the rude people!
17. People who don't live in cities don't take subways.
18. They usually drive cars instead.
19. They also need to sit in traffic jams sometimes.
20. The best way to travel is probably to ride a bicycle.
