## QUIZ

### Lesson 7: Yes / No Questions

**Part A:** Changing affirmative statements to questions. Mark the X-Words and Verbs. Box the subjects. Then write the Yes/No question. (30 points)

Example: <sup>S</sup> Weddings <sup>X</sup> have become expensive. <sup>DTN</sup> Have weddings become expensive?

1 <sup>S</sup> Prince Charles of England <sup>X</sup> was married to Diana in a fairy tale wedding. <sup>DTN</sup>  
 (Y/N) Was Prince Charles of England married to Diana in a fairy tale wedding?

2 <sup>S</sup> The Prince and Princess <sup>X</sup> were driven away in an old car. <sup>DTN</sup>  
 (Y/N) Were the Prince and Princess were driven away in an old car?

4 <sup>S</sup> Everyone <sup>X</sup> has wanted a fairy tale wedding since then. <sup>DTN</sup>  
 (Y/N) Has everyone wanted a fairy tale wedding since then?

5 <sup>S</sup> Young people <sup>X</sup> should go into debt to have a huge wedding. <sup>Vb</sup>  
 (Y/N) Should young people go into debt to have a huge wedding?

6 <sup>S</sup> There <sup>X</sup> are many ways to save money and still have the wedding of your dreams.  
 (Y/N) Are there many ways to save money and still have the wedding of your dreams?

**Part B:** Write the rule for making yes/no questions in sentences with X-Words:

To make a yes/no question, move the X-Word in front of the subject and add a question mark at the end. (30 points)

**Part C:** Write five yes/no questions with X-Words. Use 5 different X-Words. (50 points)
